Alternative Pallet Materials DIRECTORY

Company Name	Unique Features
21st Century Plastics Corp.	DuraLite Pallets from 21st Century Plastics are durable plastic pallets made of HDPE materials.
AIRDEX International	Our pallets are shock absorbing, thermal insulated, water proof, tamper evident, repairable and ISPM-15 compliant. They are the ideal shipping solution for today's air cargo challenge.
ALX Pallet Systems	ALX Pallets are the only Green Flame Certified pallets in the world today. They are designed for FDA, NSF, USDA and HACCP compliance. It can be custom tailored to any application. They are ultra durable. Life cycle testing predicted a 100+ year lifespan.
Plastics, Inc.	Allied manufactures plastic thermoformed pallets in multiple sizes and styles including custom.
American Pallet & Packaging, Co.	American Pallet & Packaging offers a wide range of options, allowing customization to build a pallet that matches it intended use.
AonVoy Plastics	Optiledge loading ledges are revolutionary in that they allow the user to design a pallet around the shipping load to maximize container space.
ASAP	We manufacture heavy duty plastic modular pallets and skids using our own plastic lumber which is made from 100% post-industrial polyethylene. All pallets and skids are custom designed to our customer's application. Pallets and skids will last 200 trips before repair in a closed loop system or for internal warehousing.
Bayhead Products	Bayhead offers pallets manufactured using the rotational molding process, specializing in custom pallets and containers.
Buckeye Diamond Logistics	Buckeye Diamond offers new, reconditioned, remanufactured and custom pallets.
Buckhorn Inc.	Buckhorn offers pallets in a range of sizes, weights, and styles.
Busing Company	Busing offers pallets made with USDA approved materials with up to 3,500 lb. in edge-racking capability, anti-skid surface, hot stamp or label identification, and RFID tracking.
Cabka North America	CABKA offers its CPP plastic pallets in many sizes and with various load capacities.
Compliance Packaging International	Compliance Packaging International has over 20 years experience working with export pallets such as euro pallets, chemical pallets, plastic euro pallets, and heat treated pallets of all sizes.
Conitex Sonoco	LoadRunner® corrugated pallets are lightweight but have superior load performance. They are designed to work with automatic material handling systems and are ideal for exports.
The Corrugated Pallets Company	Our pallets are FSC, recyclable, 70% lighter than wood, ISPM-15 compliant, and use at least 75% recycled material.
Corrupal	Corrupal manufacturers and designs engineered corrugated pallets and innovative packaging which offers material handling solutions using environmentally friendly recyclable materials.
CorTek, Inc.	We offer 4 way entry, environmental, bug free honecomb pallets in any custom size.
Creative Techniques, Inc.	Our pallets are custom designed for specific applications, product handling, conveyance and robotic interface.
Daco Corporation	DACO has access to just about any plastic pallet, including food grade, export, fire retardent, drum, nestable, stackable and rackable. Also offers a complete line of bulk shipping containers, stack and nest containers and pallet racking.
Decade Products	Decade Products manufactures bulk shipping and storage containers for industrial, agricultural and food processing applications worldwide.
Del-Tec Packaging	Del-Tec specializes in returnable packaging for industrial components.
Design Pallets, Inc.	Our pallets can be received 2,500 to a trailer and assembled by hand or machine on site at a rate of 200 per hour. They are manufactured and shipped by local partnering corrugators, cutting shipping costs.
Ecoduro Inc.	Pallets can be manufactured from 100% recycled material and are recyclable. Licensing opportunities are available. The patented rail system provides strength, durability and the ability to travel on roller conveyors.
ENPAC Corp.	ENPAC specializes in the design and manufacture of proprietary spill containment. ENPAC has been the global leader in high-quality, value-driven polyethylene spill containment products for over 20 years.
Enviro-Pack Material Handling Inc.	Pallets are made in both imperial and metric sizes. In addition, we have three heavy duty 3-runner plastic pallets suitable for the pharmaceutical industry.
Fabri-Form Co.	Fabri-Form own over 100 pallet designs used by automotive, grocery & medical users. All pallets are designed to be nestable & lightweight for optimal performance.
Fibertech, Inc.	We offer USDA/FDA approved, rotationally molded, flat top pallets with angled forklist deflective legs and lip option.
Flexcon	Flexcon is a manufacturer and provider of totes and containers for manufacturing, distribution and warehousing applications.
Flo-Pallet	The Flo-Pallet debuted in March 2011. It offers superb strength, state-of-the-art tracking options, and -60 degree F to 400 degrees temperature range. Made of lightweight aerospace composites, it feautres a self-extinguishing material that meets fire requirements without needing brominated flame retardants.
GL Packaging Products	Ecodek is a proven pallet that has been in manufacturing for over 20 years. They are clean, light weight, safe, free of bugs or contamination, economical, low cost and fully recyclable.
Gorilla Pallets	We offer over 200 different sizes and types of pallets. We specialize in food/pharmaceutical grade pallets. We offer sizes that no one else in North America has.
GreenLight Pallet Company	Our pallets are made using automated technology, delivering lightweight, robust, ISPM-15 compliant shipping solutions.
Green Line Armor, LLC	The Green Line Armor Hybrid Sustained Use Pallet™ is ideally suited for all closed loop systems, but is also effective in well-managed open loop systems and artificial closed loop systems.
GreenTek, Inc	We have HDPE in stock, ready to ship in 1-2 days.
Greystone Logistics	Greystone Logistics is a manufacturing and leasing company that designs, manufactures, sells and leases plastic pallets that provide logistical solutions needed by a wide range of industries.
iGPS	iGPS operates the world's first all-plastic pallet rental service. iGPS' state-of-the-art pallets are 30% lighter than wood, are easier to handle and eliminate protruding nails and splinters that cause workplace injuries and damaged equipment. Embedded RFID tags enable shippers and receivers to track and trace shipments in real time.
International Metal Pallet Co.	All metal pallets are made to customer specifications.
SPG International Gillis Jarke	Jarke has been manufacturing material handling solutions for more than 60 years. We can design and build custom solutions for almost any application.
JECO Plastic Products, LLC	We produce our own custom designs for specific applications, specializing in returnable closed loop and hygiene situations, and featuring extreme durability and longevity.
J.H. Nunn Associates	We keep a wide assortment in stock that can meet a wide variety of applications.
Kamps	Kamps is a fully integrated pallet manufacturer, recycler, and wood waste corporation that serves the medical, furniture, food-related, and automotive industries throughout the Mid-West region.
Kelly Box & Packaging Corp.	Our pallet division manufactures corrugated pallets of any size and strength. They can be two way or four way, with trays, boxes or die cuts incorporated into the deck. We are AIB certified for food and food related businesses.
Lannes Williamson Pallets, Inc.	LWP offers custom built boxes, crates and pallets to customer specifications.
LINPAC Ropak	LINPAC offers a range of pallets and dollies that meet stringent hygiene, environmental and load-bearing criteria.
LITCO International, Inc.	INCA presswood pallets are ISPM-15 approved, easy to transport, sustainable and economical. They have no nails or staples to damage products or injure people.
LM Containers	Lightweight, non absorbing, no sharp edges, no niches harbors, fire proof and 100% recyclable
Mid-States Packaging Inc.	Mid-State Packaging offers pallet design and assembly.
Millwood Inc.	Millwood offers a complete line of alternative pallets for niche applications
Monoflo International, Inc.	Monoflo offers one piece injection molded pallets in varying sizes and styles.
M&S Industrial Steel Fabrication	M&S has over 30 years of experience with all types of metals. Its team will help with repairs, modifications, upgrades, new fabrications, and all your welding needs.
