EXPO Richmond 2012 – East Coast Sawmill and Logging Equipment Exposition

ENTERPRISE advertisers exhibiting at EXPO Richmond 2012

Company	Products/Services Offered or Displayed	Live Demos	New Products	Booth
Automated Machine Systems	Inventory reconciliation module and handheld scanners.	Y	Online customer portable allows customers to log into PalMate and place orders and see the status of orders.	Booths 42 & 43
Baker Products	Portable and stationary band sawmills as well as portable board edger, scragg mill short log cut up system with new design circular slab edger and band double end trim all the way to a Baker 4 head multi-head band resaw and new style double head notcher.	Y	New design of circular saw slab edger, BP Dominator band sawmill with remote operators control station, totally new double head notcher and revamped band tri-scragg.	Lots N 4 & 5
Bandit Industries, Inc.	Bandit, along with dealer McClung Logan, will be bringing a variety of high quality chippers, grinders, and wood waste recycling equipment.	N	The Bandit Model 5000 is the largest forestry mower in the Bandit fleet, and is designed for for high production, right-of-way and land clearing operations in demanding conditions.	Lots K 9-12 & 13-15
Brewco, Inc.	Sawmill Machinery and Systems, Pallet lumber mill machinery and systems.	N	More diversity–for barrel staves and crossties. New vertical band short log scragg.	Lot D 4
Brewer	BR-9915 Golden Eagle double arbor, single bay gangsaw system. Also, the BR-4004 U, unscrambler feed, double head notcher. and the new Golden Eagle board conditioner.	N	A new board conditioner which can convert # 2 cull boards into # 1 premium boards or chamfer's boards all in one machine.	Lot M 3
Bronco Pallet Systems	New pallet assembly systems, block pallet equipment and recycling equipment.	N	Unveiling new "3-2-1," a saw for the pallet recycling industry that cuts out the plug/damaged runner on a #3, turning it into a #1 pallet once the runner is replaced.	Lots B 9 & 10
Carolina Inspection Service	Heat treatment inspection services for lumber and wood packaging materials.	N	N	Booth 538
Concept Products Corp	Wood shredders and firewood processors.	N	N	Lot G 14
Country Saw and Knife	Thin kerf bandsaw blades from four manufacturers, gangwhip saw blades, cut-off saw blades, carbide saw blades.	N	N	Booth 611
Cresswood Shredding Machinery	Wood and pallet grinders.	N	New Destroyer-Max Drive System was designed to produce the greatest volume of output at the lowest cost of operation, yielding more output with the same horsepower on single-shaft, low-rpm grinders.	Booth 636
Double R Sharpening	New saw blades and cutters.	N	N	Booth 517
Dyna Products	Dyna's line of U.S. made firewood processors, from the entry-level SC-12 XP to the heavy-duty SC-16.	Y	Introducing a $12,500 entry-level workhorse, the SC-12 XP.	Lot A 6
Econotool Inc.	Indexable carbide insert cutters for machines that notch (both new and recycled lumber), chamfer, cant size and sideheads. Also, rotary disc type pallet disassembly blades and circular saws for recycled boards.	N	N	Booth 327
Excelsior Marking	Pallet marking products, including IPPC branding dies and stamps, hand held branders & custom engraved branding dies & individual characters, X-Out stamps, custom self inking and rubber stamp products, inks, stencils, ink pads, cleaners, and branding iron attachments.	N	New X-Out Stamp and stamp kit, perfect for covering up a previous marking for repaired pallets and wood packaging without the hassle or expense of cover-up paint.	Booth 533
GBN Machine	Pallet assembly system.	N	N	Lot G 15
Hub Industrial Supply	HUB Premium pallet dismantling blades and pallet mask.	N	New NailShredder technology bandsaw blades.	Booth 536
Innovative Data	Barcode-based tracking software designed for the pallet and lumber Industry, including mill manager-ERP, plant floor data collection and wireless handheld systems.	Y	e-Signature (Paperless shipping using smartphones or iPads) online ordering where your customers can more securely purchase pallets online, wireless handheld system for scaling grade logs, log sawmill kiosks for tracking log runs and yield of square components, cants and ties.	Booth 515
ISK Biocides	WOODguard – wood preservative and stain.	N	N	Booth 234
Kenne-Saw & Supply	Narrow bandsaw blades.	N	N	Lot N 11
Kiln Direct	MiniQuick 6 cord firewood kiln & the high capacity standard pallet kiln.	N	Launching a new software package for lumber, pallet & firewood kiln(s), which is designed for use with emerging 64 Bit Windows platform. It offers improved ease of use, display based error codes, intelligent burner operation, and flexible P.L.C. operation for multiple kiln operation.	Lots H 4, 5 & 6
Lubie Products	Supplies lubricants and coolants including spray systems, saw blade lubes, grinding coolants, bed lubes and blade cleaner.	N	N	Booths 229-231
Menominee Saw and Supply	Logging, sawmill and pallet manufacturing equipment, products and services.	N	N	Booth 411
Metropolitan Staple Corp.	Highlighting our Tech® model 670S pallet coil nailer, which is the most advanced and lightest weight full powered pallet nailer in the industry, but still has full power to drive the common 2" to 2-1/2" x .099" screw shank nails into hardwood and is durable to withstand constant heavy duty use.	Y	N	Booth 407
Multi-Head Resaw	Double-head resaw with return.	Y	N	Lot B 3
Newman Machine	Woodworking machinery for all types of precision applications in sawmills, planer mills, furniture plants, pallet mills and shavings mills .	N	Introducing the EQ3 equalizing double planer. It is the first double planer that properly prepares the board and provides an improved divided cut over existing self-centering, opposed cut planers.	Lots C 11 & 12
Noble Machinery	Pallet Hawg pallet recycling machinery.	N	Unveil the brand new Pallet Hawg board trim saw for cutting recycled stringers and deck boards.	Booths 127 & 129
Package Research Laboratory	ISPM 15 / IPPC inspection services.	N	N	Booth 519
Pallet Chief	Pallet nailing and stacking equipment.	Y	N	Lots J 4 & 16
Pallet Machinery Group	Pallet Machinery Group offers a wide variety of equipment to the wooden pallet industry including used and new pallet assembly, sawing, scragg mills, canter chipper lines and board stackers. Also, offers rebuilt Champion style and Duo style pallet nailing machines.	Y	The new TS 300 board stacker is capable of stacking up to 25 layers of boards per minute.	Old Dominion Building
Pallet Repair Systems	Pallet repair, pallet recycling, and pallet handling machinery and equipment	Y	The innovative PRS mechanical repair station mechanically removes any board from a pallet quickly, cleanly, and best of all effortlessly!	Lot L 9
Pendu Mfg.	Wood pallet manufacturing equipment line.	N	N	Booths 436,438,535 & 537
Piper's Saw Shop	Displaying various mill supplies and would like to highlight Piper Premium Carbide Bit.	N	N	Booth 604
Profile Technology	Custom engineered tooling for the pallet industry including indexable cutterheads and NAILBUSTER® saw blades.	N	N	Booth 125
Rayco Industries	Pallet Pro automatic nailing machine (800-1,000 pallet per shift) and EDGE automatic nailing machine (400 pallets per shift).	Y	Brand new block pallet machine that is to hit the market very soon.	Lots K 16 & 17
Rayco Mfg.	Stump cutters, brush chippers, forestry mulchers and horizontal grinders.	N	The RG100X is a self-propelled stump cutter with a 99hp Kubota engine and many performance enhancements over the prior model.	Lot D 9
Rotochopper	Grinding, coloring and bagging equipment.	Y	FP-66 diesel powered mobile horizontal grinder and EC-366 electric powered stationary horizontal grinder.	Lots H 1-3 & 11-13
Saw Service & Supply	Saw Service 10 Inch Trim Saw for recyclers is small in size but big in production for resizing used deck boards and stringers.	N	The new Sap Sucker saw blade cleaner is an affordable product that will allow your blades to run longer.	Booth 516
Sellick Equipment Ltd.	Sellick rough terrain forklifts with 6,000 - 16,000 lb capacities.	N	S160 - a 16,000 lb capacity forklift with all wheel drive and all wheel steer.	Lot G 8
Sharp Tool Co.	Saw blades: Strob saws, trim saws, edger saws, gang saws etc. Carbide products: Carbide tips, bars, blanks etc. Carbide pretinning, planer knives, jointer knives, chipper knives and bandsaw blades.	N	N	Booth 330
Sii Dry Kilns	Dry kilns – hardwood & softwood, green dust burners, pallet treating equipment, firewood kilns, kiln controls, parts and services.	N	N	Booths 410, 412, 509 & 511
Simonds International	Displaying products used in the primary breakdown of wood, including inserted tooth wood saws, small diameter saws, red streak narrow bands, wide band saws, chipper knives, brush chipper knives and filing room equipment upgrade options.	N	Linear slide upgrade option for our Armstrong grinders, which improves grinding performance and allows you to run the wheel longer without sacrificing grind quality.	Booths 128 & 130
Smart Products	Equipment for the manufacture, repair, and recycling of wooden pallets.	Y	Smart Products will be presenting new products at the show, but details have not been released.	Lots J 5 & 14
Smetco Inc.	Pallet sorting and repair equipment.	N	Presenting information on a new spray booth for applying X-mold treatment to pallets.	Booth 419
Timber Products Inspection	Wood products inspection, testing and consulting.	N	N	Booth 321
Universal Machinery Sales	Full line of pallet and sawmill industry machinery.	N	N	Booth 118
Vecoplan Midwest	Wood grinders and materials handling equipment.	N	Turnkey pellet production system covers everything from processing the raw material to bagging the finished pellets.	Booth 813
Viking Engineering	Viking's Skute is a versatile machine that can nail a wide variety of wooden products.	Y	The Skute can be configured to nail anything from large skids to crate sides to fence panels and more.	Lots N 1 & 2
West Plains Resaw	Manufactures a wide selection of pallet sawmill and flooring mill equipment.	N	N	Old Dominion Building
Wood-Mizer Blades	Blades and blade maintenance equipment.	Y	The new IS203 Industrial Blade Sharpener is designed to keep up with the needs of industrial sawmill operations. It can sharpen 1" to 3" blades and features computerized controls and auto-run operations.	Booths 528 & 530
Wood-Mizer Products	Everything from entry level portable sawmills to large industrial size head rigs. Manual and hydraulic portable sawmills, edgers, large capacity headrig.	Y	The LT35 is a portable sawmill with electronic head controls and manual handling of logs. The LT10 entry level portable sawmill has been upgraded and now features a heavier duty and rust resistant bed.	Lots G 3-7
Woodmaxx Blades, Kasco Sharptech	MAXX-4: 4° hook angle blades for extreme hardwoods and frozen wood. Available in 7/8" tooth spacing, and 1-1/4 x .042, 1-1/4 x .045, 1-1/2 x .050 and 1-1/2 x .055 width/thickness combinations. MAXX-7: 7° hook angle blades for extreme hardwoods, frozen, exotic, seasoned or difficult woods.	N	N	Booth 312
